PACKING REQUIREMENTS FOR ALL THE SMALL MISCELLANEOUS ITEMS:

Following are details of the cartons we use:

- 1) **Hanging wardrobe carton** has a hanging rail length of 18". You would need 4 for the contents of a 6' double wardrobe.
- 2) **China / glass carton.** You can pack approximately an eight piece tea and dinner set into one carton or approximately 40 wine glasses. Carton measures 18" x 18" x 20". These cartons are used for all general household and kitchen items - saucepans, pots and pans, tools, china, glass, ornaments, etc.
- 3) **Book cartons.** You can pack approximately 50 average books into one carton. Carton measures 18" x 18" x 10". These cartons are used for all books, records, CDs and small weighty items.
- 4) **Linen cartons.** You can approximately pack the complete linen for one single bed into one carton. Carton measures 18" x 18" x 30". These cartons are used for all light bulky items: linen, cushions, curtains, toys, etc.

Please complete the following so that an assessment of packing requirements can be made:
